

ADVISOR PROGRAM

Why you will win when you work with **Gemba Social Finance**

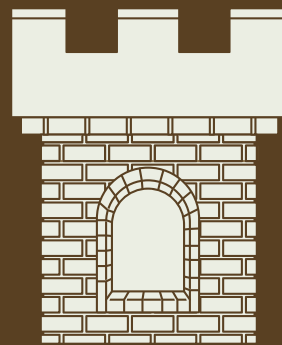

Dedicated lending arm to avoid passing clients around to different banks

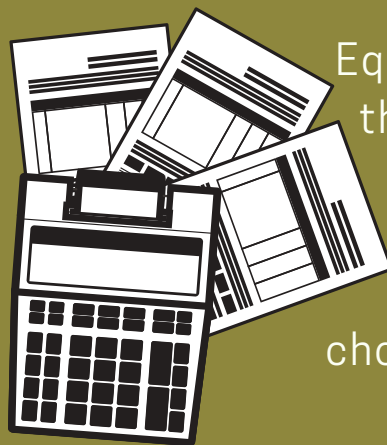

We don't just pay you on business referred to us, we position and refer insurance business back to you so that you are getting a hot lead

Leveraging mortgages not only frees up money for re-allocating but also can often naturally discover additional exposure or insurance opportunities

Put a fortress around your clients, our business model helps advisors protect their book of business with a **UNIQUE** focus on exchanging business with them and ensuring they are dealing with the least amount of, but most qualified, financial professionals while under your management

Equipment financing through leasing or loans (free accounting assessment to choose best method)

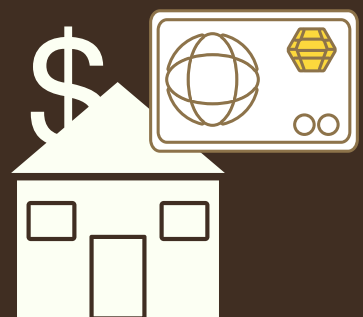

Regular weekly update report on every client you have referred us

“

Most small – medium sized businesses pay 30 – 50% more than necessary on day to day banking fees (business bank accounts and payment processing). We can save your clients on payment processing and free up cashflow that again can be re-allocated towards insurance and investments

”

Leading payment processing technology, and integration with POS

Experienced in all things lending from standard to specialized
